- Hands-on expertise in digital transformation initiatives through the deployment of SAP Application Lifecycle Management (ALM), including the creation of automated test scripts.

### Jr. Software Developer

Oct. 2022 – Mar. 2023

*CAI*

*Remote*

- Developed new features, enhance, support, and maintain existing applications.
- Utilized Git for version control and CI/CD processes.
- Utilized .NET libraries and tools for building APIs, web services and components.
- Experienced in working with JSON data format.
- Utilized agile software development and DevOps techniques.
- Participated in detailed level design, coding, code walk through, peer code reviews and unit testing.
- Collaborated with others to determine design specifications and details.
- Wrote testable, efficient code by using software development best practices.

### Python Developer

Sep. 2021 – Oct. 2022

*Gemini Labs*

*Chicago, IL*

- Developed and implemented various data management systems using Python, enabling seamless interaction for employees.
- Provided exceptional client management ensuring high client satisfaction.
- Authored comprehensive documentation for testing procedures and data entry processes, facilitating effective training for new team members.
- Conducted thorough data analysis to identify trends and generated detailed reports to support strategic decision-making for management.
- Executed rigorous API testing using tools like Postman to ensure functionality and reliability.

## PROJECTS

---

### Personal Website | *HTML, CSS, JavaScript*

2022

- Designed and developed a responsive website using CSS Grid, ensuring optimal user experience across all devices.

### Number Switch | *p5.js, ml5.js*

2022

- Developed "Number Switch," a unique game featuring voice-controlled player movement to overcome obstacles, integrating machine learning for accurate voice recognition.

## CERTIFICATIONS

---

ITIL 4 Foundation

2023

Linux Essentials

2023

## TECHNICAL SKILLS

---

**Languages:** Java, Python, C/C++, SQL (Postgres), JavaScript, HTML/CSS, R
